**BREAKING NEWS** 

# SPRING 2022

The Magdi Yacoub Global Heart Foundation (MYGHF) hopes this message finds you and your family in the best of health. No words can describe our gratitude for your unwavering and generous support and for making 2021 a very successful year.

Your confidence and trust kept us going and we are hopeful that 2022 will be a better year for all. To keep you up to date on our progress and activity, take this opportunity to provide you with some updates.

#### The Magdi Yacoub Aswan Heart Center

Despite the brutal 2021 COVID-19 Delta surge, our team is now more experienced in COVID mitigation protocols, and the Magdi Yacoub Aswan Heart Centre (AHC) showed an incredible recovery in performance in 2021, even exceeding the prepandemic 2019 averages. More than 4,000 procedures were performed, and over 40,000 patients were seen in our outpatient department.

## The Aswan Heart Center team visit the site of the new Magdi Yacoub Global Heart Centre Cairo

The Aswan Heart Center has a hands-on approach to keep up with the ongoing progress with the new Magdi Yacoub Global Heart Center Cairo.

As the team prepares for the expansion the team puts on the hard hats and conduct onsite visits. Dr Magdy Ishak CEO, Dr Mohamed Zakaria hospital director, Dr Ahmed Afifi head of heart surgery, Dr Ahmed El-Guindy head of cardiology, Dr Yasmine Aguib head of research, Nurse Mahmoud AbdelHaiy head nurse, Eng Ahmed Nabil head biomedical enigineer and Ms Reem Gad Elrab head of marketing.

#### **Naming Opportunities**

Naming Opportunities are to honor our generous donors for their support of our mission. Making a naming gift in your name, or that of a loved one, is an opportunity to leave your mark as a prominent stakeholder in one of the most unique philanthropic projects in the world, the new hyper-modern

MYGHC-Cairo. We are happy and proud that all the naming opportunities offered in 2020 were fast taken by our supporters.

The Neonatal ICU has been taken by Dr.

Amr Awadala of Palo Alto for \$2,000,000USD.All 34 single patient rooms were taken, with some supporters sponsoring more than one room, but many other patient rooms remain available for naming opportunities at this time.

Encouraged by this overwhelming support we will be presenting more naming opportunities for 2022.

### Your generous donations will now be matched!

Starting today, your gift to help children in medical need is going **TWICE** as far! Any donation you make to the Magdi Yacoub Global Heart Foundation is being **DOUBLED** by a matching donation from a generous donor who will be matching **ALL** donation gifts we receive until Sunday, May 15 2022! Imagine the effect of your giving, doubled:

✓ Your gift that would have helped provide a life-saving surgical procedure for a child in need can now provide the same for TWO children!

 Your gift that would have covered the heart treatment intervention that allowed a child to live their life with unrestricted potential can now do the same for TWO children!

 $\checkmark$  Your gift that would have paid for a cardiac screening for one child will now pay for screenings for **TWO**!

We invite you to give generously today to immediately **DOUBLE** the impact of your gift where it is needed most—helping to save even more lives. Please give today to take advantage of this opportunity!

## Resuming the long awaited in-person visits

In November 2021, thanks to the efforts of Mr Sayed Hassan and our Boston ambassadors Mr Mina Botros, Dr Alaa Ahmed and Mr George Gergis, Prof Yacoub attended the first in-person fundraising event since COVID at the Boston Hilton Back Bay Hotel. It was an opportunity to connect with our supporters and welcome new ones to our growing family. <u>Continue reading...</u>

Egyptian Genome Project at the Dubai World Expo

In February of 2022, Prof Yacoub presented the Egyptian Genome project at the Dubai World Expo. The project is spearheaded by the Aswan Heart Centre in collaboration with many centers across Egypt. Prof Yacoub discussed the unifying approach of the project and international collaboration.

## The Aswan Heart Center – SUNY Affiliation

The US Cardiovascular Perfusion Accreditation Committee approved the Aswan Heart Center as a Clinical Site for training and education affiliated to SUNY Upstate Medical University. AHC head of perfusion Dr Mohamed Abdalla visited SUNY in November of 2021 for the in-person, hands-on tests as part of the accreditation process. We wish to thank Dr Hani Aiash, Assistant Dean of Research and Assistant Professor, Department of Cardiovascular Perfusion and College of Medicine for his support in making this happen.
